Shower Commode Chair

Bariatric

S990

S950

Our Bariatric commode shower chair is made of lightweight aircraft aluminum. Treated with rust inhibit coating, and then powder coated with attractive white and gray color. The Bariatric S950 has four 5" casters all around for space saving and narrower over all width. The Bariatric S990 has rear 24" wheels for greater maneuverability. Both models have rear locking brakes for extra safety.

- Folding frame construction for easy storage.
- Attractive ivory white with gray cross brace.
- Standard swing-back arms for easy transfer in and out of chair.
- Padded toilet seat for extra comfort.
- Comes standard with splash guard and bucket with cover.
- Weight limit: 450 lbs.
