- Anodized 1" aluminum frame with dual reinforced steel cross brace.
- Two button release mechanism.
- Foldable for easy transporting or storage.
- Soft, comfortable hypalon handgrips.
- Equipped with anti-rattle silencers for quiet operation.
- Available in 3 different sizes.
- Height adjusts in 1" increments.
- Weight limit: 260 lbs. for child and adult model, 400 lbs. on heavy duty model.
- HCPCS Code: E0135

Two-button folding allows independent operation of each side so walker fits through narrow spaces while maintaining rigidity. The folding mechanism is ergonomically designed for operation with palm, finger or arm.
