

All-Terrain Knee Walker R290

All-Terrain Knee Walker

COLOR: Cobalt Blue / Candy Apple Red

The All Terrain R290 Walker makes relying on upper body strength to achieve uncomfortable results with crutches a problem of the past. Tuffcare offers a comfortable crutch alternative that takes the weight off of any foot related injury. This knee walker is ideal for individuals recovering from foot surgery, breaks, sprains, amputations, ulcers, or other lower leg and foot related injuries; some tool free assembly required. A fully folded R290 ready to be transported to wherever you need it.

COLOR: Cobalt Blue / Candy Apple Red

STANDARD FEATURES

- *Large 12" x 2.25" front casters backed by 10" x 2" rear casters allows traversal over all types of terrain.
- *Padded contoured knee platform cradles the injured leg and prevents it from bearing any weight.
- *The adjustable heights of the handlebars and knee platform offer increased comfort and control.
- *Lockable brakes are able to quickly bring the R290 to a complete stop.
- *Front end tie rod steering mechanism allows for smoother, more stable turns.
- *Tucked in rear wheels eliminate chance of colliding with them during use, increasing your safety.
- *Easily folds up to two times for ultra-compact storage despite its bulk.
- * Outdoor tires or Solid Rubber tires
- *Weight capacity of 300 lbs.
- *Welded steel tubing construction with power coated finishes
